# **Building Inspection Schedule**

It shall be the responsibility of the undersigned to request that all standard inspections be made according to the following schedule:

#### #1: Initial

This inspection is the be made when stakes are set out but <u>BEFORE</u> digging to determined proper setbacks, distance from property lines, location of buried utilities, etc. lowa 1 call contacted?

# #2: Trench/Footing

This inspection is to be made when the trench has been dug but <u>BEFORE</u> POURING CONCRETE. Footings, water, sewer, and electrical stub location are discussed and tile lines.

#### #3: Foundation

This inspection is to be made after the foundation is waterproofed, but BEFORE backfilling.

### #4: Framing

This inspection is to be made after all framing, fire blocking, bracing, and the roof are roughed in, and all openings for heat runs are cut in the floor and walls, but <u>BEFORE</u> any sheetrock or paneling is applied.

#### #5: Mechanical

This inspection is to be made when the wiring is roughed in and most of the mechanical services are in place, i.e. furnace, water heater, fireplace.

#### #6: Insulation

This inspection is to be made before the drywall is installed.

## #7: Flatwork (can be more than one)

This inspection is to be made when the forms are set but BEFORE concrete is poured.

#### #8: Curb Cut

This consultation is to be made when the lines are drawn for the curb cut but <u>BEFORE</u> the cut is made. Approval for finished curb cut made on temporary or final inspection.

# #9&10: Final

No structure intended for living quarters shall be occupied or used until a final inspection has been made. Temporary approval can be made as necessary.

When you are ready for inspections, call City Hall at 825-6118, or Darrel Shuey at 319-269-5030, or Dean Shuey at 319-290-1648, a 24 hour notice appreciated.
